Name: _____ Operation #: _____

Field History Sheet **NOP 205.201; §205.202**

- **Complete for <u>ALL fields you manage</u> (organic, conventional, etc.) and all in-ground production under cover (e.g. green/hoop houses, high tunnels).**
- **<u>For renewing operations, only field activity since the last inspection and your plans for the current year are required for fields that are currently certified.</u>**
- **USE ONE ROW for each field.**
- **INCLUDE ALL CROPS**, cover crops, pasture, woods, etc.
- **FIELD STATUS:** "O" = Organic (currently certified organic by OEFFA), "N" = New (requested for certification by OEFFA for the first time), "T" = Transitional (will be requested for certification in the next 3 years), or "C" = Conventional (not requested or planned for certification).
- **TRANSITIONAL FIELDS:** Include the last date a prohibited substance was applied**.**
- **CURRENT YEAR:** List all inputs used *and* projected for use in the current certification year. Your complete field activity records will be reviewed at inspection.
- **CHANGES FROM PREVIOUS YEARS:** Explain any field name or size changes from previous years.
- **INPUTS:** List all inputs (i.e. seeds, seedlings, fertilizers, compost, manure, lime/gypsum, mulches, pest control, etc.).
- **ADDITIONAL FIELDS:** Make copies of this sheet or request additional field history forms if more space is needed. An alternate format that includes all the information requested here may also be accepted.
- **CONFIRM CONSISTENCY:** Make sure that the field names/numbers, crops, and acreages on this sheet matches the information match what you listed on page 1 and your map(s).
