Non-Organic Ingredient Form

To be filled out by the manufacturer of the non-organic ingredient

When used in a product making an “Organic” or “Made with Organic” claim, non-organic ingredients must meet the NOP requirements. Please use a separate form to disclose information for each ingredient (multiple ingredients of the same functional class can be included on the same form).

Label Attached **Complete ingredient list attached (if there are multiple ingredients in product)**

Ingredient(s)/Product Name	
Function	
Manufacturer	

A. Please indicate the status of the ingredient for each category below.

- Does not contain genetically modified (GM) material or organisms, and was True False
not produced using GM organisms.
- Was not irradiated or produced using ionizing radiation..... True False
- Was not produced using sewage sludge..... True False
- For animal feed: Was made without the use of mammalian or poultry by-products..... True False N/A

B. Please indicate the status of any substances below, if they are present.

- Activated charcoal** – from vegetative sources only..... True False N/A
- Animal enzymes** – (Rennet - animals derived; Catalase - bovine liver; Animal lipase; True False N/A
Pancreatin; Pepsin; and Trypsin)
- Cellulose** – not chlorine bleached or microcrystalline cellulose..... True False N/A
- Citric Acid** – produced by microbial fermentation of carbohydrates..... True False N/A
Please list carbohydrate source: _____
- Colors** – from agricultural products, without synthetic solvents or preservatives..... True False N/A
- Enzymes** – derived from edible, nontoxic plants, or nonpathogenic fungi/bacteria..... True False N/A
- Fish oil** – with stabilizers that are organic or allowed by NOP..... True False N/A
- Gellan gum** – high-acyl form only..... True False N/A
- Glucono delta-lactone** – not a product of the oxidation of D-glucose with bromine water..... True False N/A
- Glycerin** –produced by hydrolysis of fats or oils..... True False N/A
- Gums** - water extracted only (Arabic; Guar; Locust bean; and Carob bean)..... True False N/A
- Lecithin** – de-oiled, if not organic..... True False N/A
- Microorganisms** – food grade bacteria, fungi, or other microorganism..... True False N/A
- Pectin** – non-amidated forms only..... True False N/A
- Pullulan** – can only be used in tablets and capsule for “made with organic” dietary supplements..... True False N/A
- Tartaric acid** – produced from grape wine..... True False N/A
- Tocopherols** – derived from vegetable oil..... True False N/A
- Waxes** – nonsynthetic sources..... True False N/A
- Yeast** – not grown on petrochemical substrate or sulfite waste liquor..... True False N/A

C. I affirm that all information provided is true and correct to the best of my knowledge.
