New Inputs for All Scopes §205.201(a)(2), 205.406(a)

List any ***NEW*** Inputs. If an input is already listed on your Renewal Report, it does not need to be listed here.

- For **crops**, include fertility inputs, soil mixes, pest, weed, and disease control, forage inoculants, water additives, and other crop inputs.
- For **livestock**, include treatments (hormones, antibiotics, parasiticides, vaccinations, etc.) and preventive healthcare inputs (microbials, etc.), teat dips, udder washes, fly control, and other livestock inputs.
- For **handling**, include cleaners, sanitizers, water treatments, boiler additives, atmosphere modifiers, flotation agents, ion exchange (describe process including resins, membranes, and recharging materials), and any other input not listed elsewhere.

For all new inputs, please review the restriction section in OEFFA's Approved Product Lists. If you list a "restricted" material, you must provide evidence of how you address the material's restriction(s). If a product is sold both bagged and bulk, please indicate which form you are using.

Provide complete product & manufacturer name as it appears on the label
