New Field Plan

NOP 205.201; §205.202

*****USE THIS PAGE FOR FIELDS NOT LISTED IN YOUR RENEWAL REPORT*****

Is this the first year you are requesting certification for any of this new land? Yes No

If yes, have you managed all new land for at least 3 years? Yes No

If you are requesting new land, please submit all of the following for timely certification:

1. **New Field Plan** (this page) completed for all new land that is being requested for certification.
2. **Prior Land Use Statement** (*PLUS – see next page*) or equivalent statement completed by the previous land manager for all new land that is being requested for certification. Complete the PLUS yourself if you have been the land manager for the last three years.
3. **Farm Map** of the new land being requested for certification.
4. **Fee sheet** that indicates newly organic fields and the applicable **new land fee**.

- Complete one row for all ***NEW*** fields or ***NEW*** covered production structures (e.g. green houses, high tunnels) being requested for certification.
- Fields and covered production already listed on your Renewal Report do not need to be listed here.
- **Include all crops** (i.e. cover crops, pasture, woods, etc.) **and inputs planned for use** (i.e. seeds, seedlings, fertilizers, compost, manure, lime/gypsum, mulches, pest control, etc.).
- ****For transitional and new fields, land is eligible 36 months after the last prohibited substance date. If records don't show last prohibited substance date, the date records show organic management began will be used instead.**

Field Status: O=Organic, N=Newly Organic in current year, T=Transitional (transition period of 36 months), C=Conventional
