OEFFA's handler certification application fee is determined by your operation's gross sales from organic products and services in 2024. **This fee is due with the renewal paperwork. The deadline for renewing operations is March 31, 2025.**

Inspection fees and expenses are additional and will be billed after the inspection. Your inspector will contact you to discuss these fees before your inspection. The inspection fee is determined by the complexity of your operation, the number of sites the inspector must visit, the length of the inspection, and the travel expenses incurred by the inspector. **Inspection fees typically range from \$300 to \$1,200.**

Calculate your APPLICATION FEE

1. Base Application Fee, based on your 2024 gross sales from organic products and services. When calculating organic gross sales from the previous year, fair market value of the organic product should be used to in situations where sales occur without exchange of money (trading, bartering, etc.). Organic Gross Sales will be verified at inspection. Certified operations may apply to their appropriate state agency for organic certification cost-share reimbursement.
