Mined Materials Statement

This form serves as a statement that the lime, gypsum, sulfate of potash, or other bulk mined material on an OEFFA producer's organic operation is a natural, mined material that contains no prohibited additives. This form should be completed each time mined materials are purchased.

Statement of Processing and Additives

I, *(name of supplier)* _____ have sold

(name of material) _____ to: *(name of buyer)* _____.

1. Does this mined material undergo any processing other than crushing, pulverizing, washing, or screening?

Yes No

If "yes," describe any additional processing.

2. Does this material contain any dust suppressants, anti-caking agents, or other additives?

Yes No

If "yes," list below.
